

**WHY CHOOSE
ADOPTIONS FROM THE
HEART'S HEARTBEATS
SERVICES TO HELP FACILITATE
AN EMBRYO PLACEMENT?**

After over 25 years of providing domestic and international adoption services, Adoptions From The Heart has created the Heartbeats Assisted Reproduction Program, which includes a variety of services for families entering embryo placement programs. Many of these services are not provided by individual clinics or other embryo placement programs.

Heartbeats applies our knowledge and experience in adoption to the embryo placement process by providing support and counseling to families, educational webinars, and home study services.

Our caring and dedicated counselors are ready to help you and provide for your individual needs on your journey to having a family.

 *Adoptions From The Heart®*

Embryo Placement

Assisted reproductive technology offers a range of new options for prospective parents. Among these options is Embryo Placement.

Heartbeats Services:

The Heartbeats Program of Adoptions From The Heart works with families pursuing, or considering pursuing, parenthood via Embryo Placement. Services offered by Heartbeats include:

♥ *Embryo Education Series*

♥ *Embryo Home Study* - this can also be used towards a domestic adoption, should a family ultimately choose to pursue such a process

♥ *Facilitation of Potential Contact Between Recipient and Donor Families*

♥ *Post-Birth Supervisory Report*

♥ *Supportive Counseling*

Contact us or visit www.afth.org/heartbeats for a complete list of fees for the above services.

Embryo Education Series:

The four-part Education Series is designed for those pursuing Embryo Placement, and for those considering doing so. Because Embryo Placement remains a relatively new concept, there are many questions that prospective parents, as well as their families and friends, will have regarding the process. These webinars will help families find answers to such questions.

The Heartbeats Embryo Education Series is one of the only detailed educational curriculums of its kind. Through it, families will receive vital education regarding issues and concerns for before, during, and after the Embryo Placement process.

Part I: Basic Facts about Embryo Placement

- Availability of Embryos for Placement
- Legal Issues regarding Embryo Placement
- Terminology
- Pregnancy Outcomes

Part II: Why Choose Embryo Placement

- Advantages and Disadvantages
- Family and Community Support
- Chances of Success

Part III: Embryo Placement: What About the Child's Genetic Family?

- Genetic Siblings
- Open/Closed Relationships with Donor Families
- Addressing Concerns of the Recipient Family

Part IV: How Do I Tell My Child about Embryo Placement?

- Talking and Telling about Embryo Placement
- Guide for Parents with Children Aged 0-17

***each webinar covers additional topics & provides resources for ongoing support and guidance.*
